

Do you know the rules?

Are you playing with a GOAL?

Are you ready for
the result...

WHEN THE
FINAL
WHISTLE
BLOWS

YOU have seen last-minute winners and impossible comebacks...but there's one match every human is playing, and it doesn't end at full time.

Life is not random ! Every second and choice counts !

Islam teaches that there is one God, the Creator of every nation and every person. Equal worth. Equal accountability.

And, when the final whistle blows, life does not end. It continues into an afterlife of perfect justice and mercy.

IF EVERY GAME HAS RULES AND EVERY CREATION FOLLOWS ORDER...

...what about life, which is far more serious than any game? Islam teaches that the One who created everything did not leave humanity without guidance.

TRUE FREEDOM BEGINS WITH TRUSTING THE ONE CREATOR

Instead of being controlled by desires or society's expectations, live for the One who created you and knows you best. You were created for ONE GOD.
